

Izaak Coetzee

Executive & Business Coach

"Be a person you can admire."

Experience

Izaak has more than 20 years of senior management and executive experience, having worked for government, organs of state and private companies, as well as being an Exco member of a JSE listed company. Izaak understands the role of executives and their challenges and brings an ability to think outside of the box and inspire creative, innovative and real-world solutions that support his clients. Practical support is provided in the integration of business aspects and self, through greater levels of self-awareness and associated shifts in thinking, relationships and action. Izaak has been coaching and mentoring for more than 10 years with a strong focus on leadership development in the corporate environment. He has deep experience in mediation, negotiations and conflict management within the business environment.

Coaching Approach

Izaak combines his business experience with Neuroleadership focus in order to unleash the potential of his clients. His experience lies in the areas of executive coaching, strategy and business transformation, action planning, performance acceleration, leadership development, work-life balance, breathwork, personal development and as well as LCP and Enneagram profiling.
